Apply to Be Listed as an EVSE Installer

www.ClipperCreek.com

Are you an electrician that installs EVSEs? ClipperCreek maintains a national database of EVSE installers and invites licensed and bonded electricians to participate. As a listed installer, your company information will be displayed on ClipperCreek's website for customers who search for installers in your area. [Learn More](#)

Tahoe EVSE Giveaway!

www.ClipperCreek.com

The Tahoe Fund, in partnership with the Tahoe Regional Planning Agency and Truckee-Donnor Public Utility District, is looking to increase the number of public charging stations for plug-in electric vehicles at recreation sites. All public agencies and land owners are encouraged to apply to receive free charging stations. The goal is to create a connected network for plug-in electric vehicles in the Tahoe-Truckee Region. The Highest Standards. The Happiest Customers.

"Purchasing an EV was a big step for us and the decision process took a long time. The easiest part was selecting a charging station. Someone suggested ClipperCreek and each ClipperCreek person with whom we spoke was patient, knowledgeable and efficient. So far the product has been excellent and the company superb to work with."

- Barb and Barry
