New Product

Four Stations - One Pedestal

Fleets and Parking Lots love this solution!

Maximize space and electrical infrastructure with ClipperCreek's newest economical solution. The [HCS Quad Pedestal Extension](#) is a modular design; mount 1-4 stations, depending on your current and future needs.

Our pedestals are constructed with powder-coated steel for durability in extreme conditions, and come equipped with two knockouts positioned for 120V convenience outlets.

New HCS Installation Option

HCS On the Go!

Do you need to easily mount and unmount your HCS EVSE on a regular basis?

The [HCS EVSE Travel Bracket](#) is the perfect solution! Simply mount the HCS EVSE Travel Bracket to your wall and then mount the HCS to the bracket.

When you are ready to hit the road you can easily remove the HCS from the bracket without tools and take it to your next location, FAST and SIMPLE.

If you travel between two regular locations, buy two and mount one at each location! [Click here for more info.](#)
