

CLIPPERCREEK

RELIABLE. POWERFUL. MADE IN AMERICA.

Dual Charging Station: Ruggedized Option Now Available

Double Your Charging Spots with Ruggedized Dual Charging Station

Charge Two Electric Vehicles Simultaneously with One Station, One Circuit

ClipperCreek's HCS Dual Charging Station, the HCS-D40, automatically splits power between two vehicles and now we offer it in a Ruggedized version - perfect for parking lots! The [HCS-D40R](#) provides up to 16 Amps to each vehicle when two are charging and up to 32 Amps when one vehicle is charging. The HCS-D40R is economical, maximizes existing electrical infrastructure and

can be wall-mounted or installed with one of ClipperCreek's freestanding pedestal mount options. The HCS-D40R features a rubber overmolded SAE J1772 connector, a field-replaceable latch, and a five year warranty. If you already own an HCS-40, HCS-40P, HCS-40R or HCS-40PR ClipperCreek is offering a **Trade-UP Program** for a limited time. [Learn More](#).

US customers only. [See terms](#)

The Highest Standards. The Happiest Customers.

"Took advantage of the 'Trade-Up' program with ClipperCreek for the Dual charging station. Works GREAT! Looks GREAT! And the best part is the family can charge our vehicles at the same time - no longer having to wait in line. Super awesome - Thanks ClipperCreek!"

- Susan D.
