RELIABLE. POWERFUL. MADE IN AMERICA.

## Dual Charging Station: Plug-In Option Now Available

## Dual Charging Station Now Available as Plug-in Model

### Charge Two Electric Vehicles Simultaneously with One Station, One Circuit

ClipperCreek's popular dual charging station is now available as a plug-in model: the HCS-D40P! This charging station will charge two electric cars simultaneously, automatically splitting the power. The HCS-D40P provides up to 16 Amps to each vehicle when two are charging and up to 32 Amps when one vehicle is charging. Available with a NEMA 14-50 or NEMA 6-50 plug, two SAE J1772 connectors, two connector holsters and a three year warranty.

Take advantage our introductory price for the HCS-D40P at \$1369.00 plus Free Shipping! If you already own an HCS-40, HCS-40P, HCS-40R or HCS-40PR, HCS-50P, ClipperCreek is offering a **Trade-UP Program** for a limited time. [Learn More.](#)
